Education

M.Tech in Data Science, IIT Bombay, 2022

Experience

Data Analyst, InsightWorks Analytics, 2022 - Present

2 years of experience in data analysis and machine learning.

Projects

Built a machine learning pipeline in Python using scikit-learn and pandas to predict customer churn, visualized results with Power BI, and queried source data with SQL.

Explored deep learning models with TensorFlow for a demand forecasting proof of concept.

Skills

Python, Machine Learning, Pandas, NumPy, Scikit-learn, SQL, Power BI, TensorFlow, Data Analysis

Certifications

Google Data Analytics Professional Certificate
